

**Rowan College
of South Jersey**

Policy: 9009
Title: **ANIMALS ON CAMPUS**
Area: Safety and Security
Approved: 07/01/19

The College recognizes the important role animals can play in the lives of employees and students. At the same time, certain animals are not suitable companions to bring on campus. Therefore, no animals, with the exception of service dogs and animals being used for instructional purposes, are allowed on campus or in campus buildings during hours of instruction or normal business operations.

Due to liability and safety concerns, any exception to this policy; e.g., animals being used for instructional purposes or display must first obtain permission in writing from the President or Vice President & Chief Operating Officer/Chief Financial Officer.

A certificate of insurance naming the College as “Additional Insured” may be required of the owner of the animal.
