Administrative Procedure: 2011

RECORDS RETENTION AND DISPOSITION

In order to adhere to state guidelines and College policy for the maintenance and disposal of public records. Each division will annually review the store of records for which it is responsible and retain or dispose of them as described below based on the state’s Record Retention Schedule for County Community Colleges (“manual”).

Whenever possible, where financial resources permit, records will be maintained and/or reduced to electronic format.

The only records that may be disposed of (recycled or shredded) by the individual offices are those records listed in the manual as “periodic review”, “as update”, or “one year or less”. The final disposition of stored documents, those records moved to the College’s archives, rests with the College’s Records Manager/Custodian of Government Records in the President’s office – Gloucester Campus.

Guidelines for Storage

1. All stored records are to be placed in boxes with handles. The box dimensions are not to exceed 12” wide by 10” high and 16 “deep, typically called “Banker’s boxes”. Boxes exceeding these dimensions will not be accepted for storage in the College’s archives.
2. Do not seal boxes.
3. Clearly mark the front of the box with:
   a. Name of the record series;
   b. Inclusive dates of the records; and
   c. Disposition Date

Please refer to the manual for retention periods. Individuals should not assume the disposition date as retention periods range from “periodic review” to “permanent”.

Vice presidents and executive directors are responsible for records in their division/departments, but will not be held liable for the disposition of public records when done pursuant to the provisions of the act cited below.
