

**Rowan College
of South Jersey**

Policy: 8401
Title: **FINANCIAL AID**
Area: Student Services
Approved: 06/09/20

To help students bridge the gap between RCSJ (“College”) expenses and available student resources, the Board of Trustees has staffed an Office of Financial Aid at each of its two campuses, Gloucester and Cumberland, as well as to assist with National Guard and Unemployment programs.

These offices are staffed with professionals whose role it is to guide students and parents or guardians through an array of scholarships, grants, student employment opportunities, and information about available loans.

The majority of these sources of funds start with the completion of the Free Application for Federal Student Aid (FAFSA). The FAFSA and the New Jersey Alternative Application are the only forms used to collect financial information to determine a student’s financial need.

The President has had administrative procedures developed to provide additional assistance.
