

**Rowan College of South Jersey
Associate in Arts (A.A) in
Liberal Arts
Transfer Program Requirements
Suggested Four Semester Sequence of Courses**

This program is designed for students who wish to transfer to a four-year college after completing the first two years of undergraduate coursework. The Liberal Arts program is not designed for specific majors, but allows graduating students to advance to many different areas of study. As the Liberal Arts program allows considerable course options, students should research the degree requirements of the four-year colleges of interest. Cumberland has transfer agreements with a number of four-year colleges and universities. As a graduate of a fully accredited community college, your coursework will be received with full credit transfer at most state colleges, public and private universities across the country. The NJ Lampitt bill passed in 2008 by the NJ State legislature assures seamless transfer of credits toward junior standing at NJ state colleges and universities. Students who have completed the program will be able to:

Demonstrate effective communication skills by expressing ideas and sharing knowledge in a clear, focused and organized manner.

- Demonstrate mathematical and statistical concepts and operations to interpret data and to solve problems.
- Demonstrate scientific method of inquiry, through the acquisition of scientific knowledge.
- Apply computer systems or other appropriate forms of technology to achieve educational and personal goals.
- Apply social science theories and concepts to analyze human behavior, social and political systems, and to act as responsible citizens.
- Analyze works in the fields of art, music, theater, literature, philosophy and/or religious studies and gain competence in the use of a foreign language.
- Evaluate historical events and movements in World, Western, non-Western or American societies and assess their subsequent significance.
- Analyze the importance of global perspectives and culturally diverse people.
- Evaluate ethical issues and situations.
- Locate, retrieve and critically evaluate information and sources.

First Year, Fall Semester

		Credits
