

## [NET.MGT.AAS; CIP Code 11.0901]

## Associate in Applied Science - Career

This program is designed to prepare students for technical positions in networking and networking-related environments.

## **Program Learning Outcomes**

Upon Completion of this program, students should be able to:

- · Demonstrate Network Management Theory.
- Demonstrate practical ability to apply Network Management concepts.
- Demonstrate practical ability to configure operating systems.

## Network Management, A.A.S.

| FIRST YEAR - Fall Semester    |     |   |       |
|-------------------------------|-----|---|-------|
|                               |     | CS 170 PC Services & Support / A+ Certification   | 4     |
|                               |     | CS 175 Core Client Operating Systems              | 3     |
|                               |     | CS 217 Introduction to Networks                   | 4     |
|                               |     | EN 101 English Composition I                      | 3     |
|                               |     | FS 101 Freshman Seminar                           | 1     |
|                               |     |   | 15    |
| Spring Semester               |     |   |       |
|                               |     | CS 229 Linux Installation and Configuration       | 3     |
|                               |     | CS 233 Routing and Switching Essentials           | 4     |
|                               |     | CS 275 Core Server Operating Systems              | 4     |
|                               |     | EN 102 English Composition II or                  |       |
|                               |     | EN 103 Technical Writing or                       |       |
|                               |     | SP 203 Effective Speech                           | 3     |
|                               |     | General Education Diversity Elective              | 3     |
|                               |     |   | 17    |
| SECOND YEAR - Spring Semester |     |   |       |
|                               |     | CS 226 Network Infrastructure Implementation      | 4     |
|                               |     | CS 228 Active Directory Design and Implementation | 4     |
|                               |     | CS 234 Scaling Networks                           | 4     |
|                               |     | General Education Mathematics Elective            |       |
|                               |     | (excluding MA 115)                                | 3     |
|                               |     |   | 15    |
|                               | Spr | ring Semester                                     |       |
|                               |     | CS 235 Connecting Networks                        | 4     |
|                               |     | General Education Social Science Elective         | 3     |
|                               |     | General Education Humanities Elective             | 3     |
|                               |     | General Education Mathematics Elective            |       |
|                               |     | (excluding MA 115)                                | 3-4   |
|                               |     |   | 13-14 |
|                               |     |   |       |

**TOTAL MINIMUM CREDITS: 60**
