

# Nursing, A.A.S.

**This is a 3+1 option program with Rowan University.**

[NUR.AAS; CIP Code 51.3801]

## Associate in Applied Science - Career

The Nursing program at RCSJ is a four-semester sequential program. Each semester builds on previously learned knowledge and skills. The goal of the Nursing program is to prepare students for entry-level positions as Registered Nurses. Upon successful completion of the Nursing program, students are eligible to apply for state licensure and sit for the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The Nursing program is approved by The New Jersey Board of Nursing and accredited by (ACEN).

### Program Learning Outcomes

- Graduates of the Nursing program will:
- Apply principles of evidence-based practice to patient care
  - Value interprofessional and community partners collaboration
  - Demonstrate ethical and professional nursing practice
  - Implement life-long learning endeavors

### Program Information

The American Nurses Association defines nursing as “both an art and a science, a heart, and a mind. At its heart, lies a fundamental respect for human dignity and an intuition for a patient’s needs. This is supported by the mind, in the form of rigorous care learning. Due to the vast range of specialisms and complex skills in the nursing profession, each nurse will have specific strengths, passions, and expertise.” (ANA, 2021).

Nursing also encompasses autonomous and collaborative care of individuals of all ages, families, groups and communities, sick or well, and in all settings. Nursing includes the promotion of health, prevention of illness and the care of ill, disabled and dying people. Advocacy, promotion of a safe environment, research, participation in shaping health policy and in patient and health systems management and education are also key nursing roles.

### Special Admission Requirements

- Nursing is a selective admission program. Students must be accepted to the program prior to registering for any NURS courses.
- Please contact the Enrollment Services Office for an admission packet.
- Clinical agencies require criminal history background checks (CHBC) for all individuals engaged in patient care. All students must undergo a CHBC upon acceptance into the Nursing Program. CHBC results are sent to the clinical agencies, who have the sole discretion to decide if the student may engage in patient care at the agency. If a student is denied the opportunity to participate in the clinical agency as a result of the findings of the CHBC, the student will be dismissed from the Nursing Program.
- Students must satisfactorily complete all 100-level nursing courses to progress to 200-level courses. Students who do not meet prerequisite and co-requisite course requirements, and/or grade requirements will not be able to progress in the Nursing program.
- Students must complete the Nursing program in three years from the start of the first Nursing course.
- Students who do not complete the program within three years must wait five years before reapplying to the Nursing program.
- A minimum grade of "C+" is required in all courses in the Nursing Program of Study including General Education and Science courses.

### Employment Opportunities

According to the Bureau of Labor Statistics, "Employment of registered nurses is projected to grow 7 percent from 2019 to 2029, faster than the average for all occupations. Growth will occur for a number of reasons, including an increased emphasis on preventive care; increasing rates of chronic conditions, such as diabetes and obesity; and demand for healthcare services from the baby-boom population, as this group leads longer and more active lives." (<https://www.bls.gov/ooh/healthcare/registered-nurses.htm>)

### Highlights

Since 2000, the NCLEX-RN pass rate has been greater than 90 percent.
