[AS-NTR; CIP Code 19.0501]

## Associate in Science (A.S.) – Transfer

This program is designed for those students wishing to pursue a field of study leading to becoming a Registered Dietitian or nutrition professional. It is designed to meet the transfer requirements for students leading to a BS-Nutrition-Dietetics concentration or a BS Nutrition degree at a 4-year College or University.

### Program Learning Outcomes

Students who complete the program will be able to:

- Identify professional characteristics of a Registered Dietitian/nutrition professional including education and training requirements.
- Summarize the roles and responsibilities of Registered Dietitians and nutrition professionals in a variety of practice settings.
- Apply nutrition, digestion and metabolic pathways concepts into practice.
- Demonstrate competency in math and the sciences to be able to handle the rigors of continued study to become a Registered Dietitian and/or nutrition professional

### Program Notes

Students should contact their advisor to clarify four-year degree transfer requirements and refer to the College catalog for course prerequisites.

The 2+2 pathway is a new initiative slightly different from a traditional transfer. Students interested in earning their bachelor's degree in one of these programs must start at RCSJ for the first two years. The last two years are taught by Rowan University faculty, but some classes will be held at RCSJ..
