

**Rowan College of South Jersey  
Career Certificate in  
Healthcare Risk Management  
Transfer Program Requirements  
Suggested Four Semester Sequence of Courses**

The Healthcare Risk Management Career Certificate is available to degree-bearing healthcare professionals seeking to expand or advance their career into this dynamic field. As control of risk becomes increasingly important in a vast range of clinical settings, the need for administrators and practitioners with advanced training in this area grows. This program targets risk evaluation and mitigation in the development of risk management plans for enterprise risk and patient safety. Targeted professionals include nurses, therapists and administrators working in private practices, clinics, rehabilitation centers, hospitals and long-term care facilities. Students who have completed the program will be able to:

- Identify areas of exposure to risk in the healthcare setting.
- Assess relative risk, cost and effectiveness of risk mitigation.
- Collect and organize accurate and effective risk documentation.
- Guide organizational policy regarding risk in the healthcare setting.
- Develop an appropriate risk management plan.
