CTE Acceptance of terms of Drug and Alcohol Use Policy

It is strictly forbidden to be under the influence of alcohol, illegal narcotics, chemicals, psychedelic drugs or other controlled substances by an individual engaged in college related activities.

It is expected that students will come to class, laboratory and externship in a condition fit for the competent and safe performance of their duties and that such fit condition will be maintained throughout the scheduled time. The objectives of this policy are to identify the impaired students, maintain an environment that allows students to enjoy the full benefits of their learning experience and ensure safe, competent client care.

Faculty are accountable for ensuring that students are in fit condition to participate in program related activities and for taking prompt, appropriate and decisive action whenever a student seems to be impaired. Students who arrive in the classroom, lab, externship location or other assigned area and are considered by their instructor to be impaired may expect to:

- Have their behavior witnessed and documented
- Be questioned in private as to the nature of their problem
- Be asked to undergo a medical evaluation (which includes blood alcohol level and/or urine testing) in an Emergency Room or laboratory facility and have their behavior witnessed by another healthcare professional
- Meet with the Director of Career and Technical Education
- Be referred for counseling
- Be dismissed from their program of study
- Be ineligible for readmission

When a student is in possession of or using alcoholic beverages or illegal or unprescribed controlled chemicals on college or externship properties, the student may be assigned a grade of "F" and be dismissed from their academic program. I have read and understand the Career and Technical Education's Drug and Alcohol Use Policy.

Applicant user guide to Complio

Required Immunizations and Certifications

What you need to know about compliance and immunization requirements?

Rowan College of South Jersey students will need to provide documentation regarding the completion of their immunization, background check, drug screen, required trainings and related compliance records. Rowan College of South Jersey uses a vendor called American DataBank to help students track, access, and maintain their compliance records through their academic program. American DataBank has created a web-based database allows students to access their immunization and compliance records from a computer and gives students the ability to update and download their compliance "passport" at their convenience. This system is known as Complio and automatically notifies students when immunization or compliance records are expiring so that students can update their records as needed.

This guide contains details about how to complete the immunization and certification requirements which must be completed. Please review these materials closely and complete the required items today.

Getting Started Check list

1. Create your Complio account

- a. Using Chrome or Firefox go to RCSJcompliance.com

Background Check and Drug Screening Package. Once you have placed your order, Complio will email you the necessary drug screening registration. Complio will provide you with your username and password via email. Please allow one business day to receive your user ID and password and double check your spam or junk folder if you do not receive it.

2. Submit Materials

- a. When you receive your drug screening information please follow all instructions found in the email and take the appropriate action. Your background check results will be uploaded for you upon completion by American DataBank. Your drug screening results will be uploaded to your account 72 business hours after you complete the collection.

Clinical Agency Requirements

Students placed at clinical agencies are required to provide their immunization and compliance materials prior to being placed in that setting. Your program faculty and staff may halt your attendance in clinical course work at any time if your immunization and clinical requirements have not been met.
