

RCSJ COLLEGIATE HIGH SCHOOL

Kayla J. (HSOP student)

"As a junior in high school, hearing the words 'college courses' is super scary, but it's also, like, wait – you're telling me I can take college classes while being a junior? Next semester, on top of my high school classes, I'll be taking three RCSJ courses."

High School Option Program (HSOP)

Who can Participate?

- High school students aged 14-18
- Public, private, and homeschooled students

Earn College Credits in High School

The High School Option Program (HSOP) gives **all high school students** the flexibility to take Rowan College of South Jersey courses at a discounted tuition rate—whether they want to **take just one college course or begin working toward a degree**. Completed courses can be applied to an RCSJ degree or transferred to other higher education institutions. Students gain valuable college experience, earn credits, and learn how to navigate college before high school graduation.

Steps to Enroll

1— ☐ APPLY

Visit RCSJ.edu/Apply and Select "Start Application."

- Create an Application Profile.
- Submit a Dual Enrollment application for the Non-Matriculating program and High School Option program version.

The following documents will need to be submitted after applying:

- Standardized Test Scores
- Permission to Enroll Form

2— ☐ SATISFY THE PLACEMENT TEST REQUIREMENT

Visit RCSJ.edu/Exemptions. If a student does not have any of the qualifying scores, they must take the Placement test. Visit RCSJ.edu/PlacementTesting to make an appointment and obtain test prep resources.

3— ☐ MEET WITH AN ADVISOR AND REGISTER FOR COURSES

Visit RCSJ.edu/HSOP/Appointments to register with the advisor assigned to your school. Students are strongly encouraged to bring a copy of their High School transcript to their advising appointment.

BENEFITS

- Discounted tuition rate
- Personalized academic advisement
- Head start on college requirements
- Satisfy high school graduation requirements
- Explore career pathways
- Complete required remediation

INTERESTED IN 3+1?
