ALH 112: Fundamentals of Human Anatomy

Syllabus

Lecture Hours/Credits: 1/1

Catalog Description

Pre or Co-requisites: ALH 102 Medical Terminology, ALH 104 Patient Care; "C" or higher in ALH 104 – Patient Care or proof of passing national certifying exam

This course is designed to introduce students to the fundamental basics of the human body. Content includes simplified structure and function, terminology, basic system review and how they interact to maintain homeostasis. This course is specific for certain Professional Development Certificate programs and does not meet the Anatomy and Physiology requirement for selective admission program and may not be eligible for transfer or variance credits. This course is a prerequisite for ALH 125.

Textbook and Course Materials

It is the responsibility of the student to confirm with the bookstore and/or their instructor the textbook, handbook, and any other materials required for their specific course and section.
