CET 300 - Adjustment Computations

Syllabus

Lecture/Lab Hours/Credits: 3/3/4

Catalog Description

Pre-requisite: GEO 115, CET 108, MAT 103

Adjustment computations covers the basic theory and mechanics of a least squares adjustment using the traditional surveying observations of distances, angles, azimuths, and elevation differences. The theory of error propagation is used to determine the precision of indirectly measured quantities. Post-adjustment analysis is studied through the use of various statistical tests, and error ellipse computation and analysis.

Textbook and Course Materials

It is the responsibility of the student to confirm with the bookstore and/or their instructor the textbook, handbook, and any other materials required for their specific course and section.

Click here to see current textbook prices at rcgc.bncollege.com.

Evaluation Assessment

Online Proctoring

All courses offered at RCSJ, whether they are web-enhanced, hybrid, or fully online, may include assessments that make use of Online Proctoring. To find out more about Online Proctoring, and to learn about the minimum technical requirements, visit rcsj.edu/elearning/online-proctoring.

Grading Distribution

Grading to be determined by individual instructors.

Individual instructors may include the following assessments:

- Exams
- Quizzes
- Projects
- Labs

Grading

The grading scale for each course and section will be determined by the instructor and distributed the first day of class.

Rowan College of South Jersey Core Competencies

(Based on the NJCCC General Education Foundation - August 15, 2007; Revised 2011; Adopted 2014)

This comprehensive list reflects the core competencies that are essential for all RSJC graduates; however, each program varies regarding competencies required for a specific degree. Critical thinking is embedded in all courses, while teamwork and personal skills are embedded in many courses.

1. **Written and Oral Communication:** Students will communicate effectively in both speech and writing.
2. **Quantitative Knowledge and Skills:** Students will use appropriate mathematical and statistical concepts and operations to interpret data and to solve problems
3. **Scientific Knowledge and Reasoning:** Students will use the scientific method of inquiry, through the acquisition of scientific knowledge.
4. **Technological Competency:** Students will use computer systems or other appropriate forms of technology to achieve educational and personal goals
5. **Society and Human Behavior:** Students will use social science theories and concepts to analyze human behavior and social and political institutions and to act as responsible citizens.
6. **Humanistic Perspective:** Students will analyze works in the fields of art, history, music, or theater; literature; philosophy and/or religious studies; and/or will gain competence in the use of a foreign language
7. **Historical Perspective:** Students will understand historical events and movements in World, Western, non-Western or American societies and assess their subsequent significance.
8. **Global and Cultural Awareness:** Students will understand the importance of a global perspective and culturally diverse peoples.
9. **Ethical Reasoning and Action:** Students will understand ethical issues and situations.
10. **Information Literacy:** Students will address an information need by locating, evaluating, and effectively using information.

CET 300 Core Competencies

This course focuses on two of RCSJ's Core Competencies:

- Quantitative Knowledge and Skills
- Technological Competency

Student Learning Outcomes: Adjustment Computations

Successful completion of CET 300 will help students:	RCSJ Core Competencies	Evaluation/Assessment (Additional means of evaluation may be included by individual instructors)
Properly use and interpret statistics in the analysis of survey measurements	Qualitative Knowledge and Skills Technological Competency	Homework, Labs, Participation, and Exams
Understand and perform basic error propagation	Qualitative Knowledge and Skills Technological Competency	Homework, Labs, Participation, and Exams
Understand and perform positional tolerance testing	Qualitative Knowledge and Skills Technological Competency	Homework, Labs, Participation, and Exams
Perform basic adjustments of 1D, 2D, 3D, terrestrial and GPS networks using least squares adjustment software	Qualitative Knowledge and Skills Technological Competency	Homework, Labs, Participation, and Exams

Topical Outline

The following topics are covered in this course:

- Applied statistic
- Error Propagation
- Positional tolerance and error ellipses
- Basic mathematical concepts of a least squares adjustment, and weighting the adjustment and blunder detection
- State Plane Coordinates
- Basic Structure of StarNet explained, and adjusting level (1D) networks using StarNet
- Adjusting 2D (terrestrial) networks using StarNet – Horizontal angle resection, Horizontal distance resection, Conventional 2D traverse
- Adjusting 3D (terrestrial) networks using StarNet – Ground & Grid
- Adjusting combination data sets – 1D, 2D, and 3D combined
- Basic structure of VectorNT explained and adjusting GPS networks using VectorNT or students can use StarNet for adjusting GPS vectors
- Adjusting combination data set – 1D, 2D, 3D, and GPS vectors combined
- Coordinate Transformations using least squares.

Affirmative Action Statement

The Board of Trustees is committed to providing a work and academic environment that maintains and promotes affirmative action and equal opportunity for all employees and students without discrimination on the basis of certain enumerated and protected categories. These categories are race, creed (religion), color, national origin, nationality, ancestry, age, sex (including pregnancy and sexual harassment), marital status, domestic partnership or civil union status, affectional or sexual orientation, gender identity or expression, atypical hereditary cellular or blood trait, genetic information, liability for military service, or mental or physical disability, including AIDS and HIV related illnesses.

For questions concerning discrimination, contact Almarie J. Jones, Special Assistant to the President, Diversity and Equity/Title IX and Compliance, 856-415-2154 or ajones@rcsj.edu or (Cumberland) Nathaniel Alridge, Jr., JD, Director, Diversity and Equity/Title IX and Judicial Affairs, 856-691-8600, ext. 1414 or nalridge@rcsj.edu. For disability issues or any barriers in the learning or physical environment related to a document condition/disability please contact: Gloucester campus – Dennis M. Cook, Director, Department of Special Services, ADA/504 Officer at 856-415-2265 or dcook@rcsj.edu; or Cumberland Campus – Meredith Vicente, Senior Director, Physical & Learning Disabilities, Center for Academic & Student Success (CASS) at 856-691-6900 ext. 1282 or mvicent1@rcsj.edu

Department of Special Services

The Department of Special Services is located in the Instructional Center, room 425A. The Special Services Department is committed to providing support services and ensuring equal access to eligible students with documented disabilities as outlined by the Americans with Disabilities Act (ADA) and the Americans with Disabilities Act with Amendments. If you are an eligible student with a documented disability please visit our website at RCSJ.edu/SpecialServices or call the office at 856-415-2265 or 856-415-2247 to speak to the Assistant Director Carol Weinhardt, cweinhar@rcsj.edu

Reporting Allegations of Sexual Assault and Resource Referrals (8/2020) Gloucester Campus

There are multiple safe places for students to report allegations of sexual assault, both on and off campus. Reports of sexual assault can be made to any of the following offices listed in the chart below.

All students are encouraged to report alleged crimes on campus. Crimes that pose a threat to the campus community must be reported to 9-1-1, Security, the Sheriff's Office or the Deptford Township Police Department. All employees, including Security staff, must report incidents of discrimination, harassment or sexual misconduct to the Title IX Officer.

Service	Resource	Phone Number/Location/Website
Non-Confidential Reporting Local Law Enforcement	Gloucester County Sheriff's Office Deptford Township Police Dept. Gloucester Co. Prosecutor's Office Sexual Assault Response Team	856-681-2200 856-845-2220 856-384-5500 856-384-5555
