CMA 110: Pharmacology in Medical Assisting

Syllabus

Lecture Hours/Credits: 1/1

Catalog Description

Prerequisite: "C" or better in CMA 101 and CMA 103

Co-requisite: CMA 104

This course provides a study of basic principles of pharmacology as it applies to the medical assistant. Pharmacologic principles and classifications, with attention to specific body systems and medication administration will be discussed. Applicable legal and ethical responsibilities, mathematical systems and dosage calculations as related to the role of the medical assistant will be integrated throughout the course. This course assists students in preparation for the national credentialing exams for entry-level medical assistants.

Course requires a final grade of "C" or better to progress in the CCMA Program.

Textbook and Course Materials

It is the responsibility of the student to confirm with the bookstore and/or their instructor the textbook, handbook, and any other materials required for their specific course and section. Click here to see current textbook prices at rcgc.bncollege.com.
